

Millennium TBI Network

Rebuilding Hope one day at a time

2019 Millennium-TBI Network Fee Schedule

Procedure	Cost	Content
Initial Civilian TBI Evaluation	\$2,500.00 – Dr. Alison M. Gordon	Walk-in blood draw, all initial laboratory testing, preliminary report, 60-minute Skype or in-office review of labs and treatment protocol, a final report and 60-paged Patient Handbook. Six Monthly Program Questionnaire reviews.
Initial Civilian TBI Evaluation	\$3,500.00 – Dr. Mark L. Gordon	Same as with Dr. Ali Gordon
Initial Veterans/Active Military TBI Evaluation.	With a Military Grant: \$1,500.00 – Dr. Mark L. Gordon.	Same as Civilian. May add an Inflammatory panel.
Initial Post Finasteride Syndrome evaluation	\$2,500.00 – Drs. Gordon	Same as Civilian.
Initial Nutritional Consultation	\$150.00 – Dr. Alison M. Gordon	One-hour consultation after return of nutritional assessment. Additional labs might be required based upon initial evaluation, history.
In-home Blood Draw	\$35.00 additional	Remote Phlebotomy Service will arrange to come to your home or office.
1 st Follow-up labs	\$245 - \$750.00 based upon initial laboratory results.	1 st follow-up labs are at 2-4 months after starting your treatment protocol.
2 nd Follow-up labs	Same	2 nd follow-up labs are at 2-4 months after the 1 st follow-up labs.
3 rd Follow-up labs	Same	3 rd follow-up labs are 6 months after the 2 nd labs.
Supplements	Averaging about \$130 per month. Ranges from \$60 – 200 per month. Not including GH or Testosterone or Female Hormone Replacement.	Your treatment protocol will be based upon your labs, medical history and personal goals.

Please note that as of 3/1/2019 we do not accept any outside labs. This is because the technologies and reference ranges used by each laboratory are significantly different from those that we have based our entire program's treatment protocols. Thank you for understanding.
